GitHub: github.com/Sephydev

Junior Web Developer with hands-on experience in modern JavaScript stack (React, Node.js, MongoDB). Completed FullStackOpen certification and seeking first professional opportunity to grow in a collaborative environment. Eligible for PFI program (employer-funded training).

Professional Experience

Web Developer Internship *Oh!Médias, Liège, Belgium | May 2023 - June 2023*

- Maintained and updated client websites using WordPress and jQuery
- Integrated content and assets into web production workflows
- Collaborated with the design team on multiple client projects

Education

Certificate in Full Stack Web Development *Full Stack Open, University of Helsinki | December 2024 - Present*

Completed and certified parts 0-7 of the FullStackOpen curriculum, covering modern web development with JavaScript. Gained hands-on experience building fullstack applications with React (frontend), Node.js & Express (backend), and MongoDB (database). The course included testing with Playwright and Node's built-in test runner, version control with Git, and deployment practices. Currently studying GraphQL.

Certificate in Full Stack Web Development *Becode, Liège | September 2022 - June 2023*

Completed a 7-month intensive program covering HTML, CSS, JavaScript, Git, Linux, and project-based learning. Earned a certificate in web development and completed a one-month internship at Oh!Médias (Liège).

Key Skills

- Frontend: HTML5, CSS3, JavaScript (ES6+), React, Redux, TailwindCSS
- Backend: Node.js, Express.js, MongoDB, RESTful APIs
- Tools & Workflow: Git/GitHub, Linux, Playwright (testing), Figma

Languages

- French - Native
- English - Professional working proficiency
